

Valley Rubber

ENVIRONMENTAL AND HEALTH & SAFETY POLICY

ENVIRONMENTAL

Valley Rubber Ltd, are fully committed to the protection of the environment. As part of this commitment, we are actively involved in programmes to reduce energy consumption, waste and emissions, whilst conserving natural resources. We also ensure that we comply with the relevant legislation and codes of practice and work with appropriate local, and national, agencies to minimise the impact of our operations on the environment.

In line with this we are committed to ensuring that all of our staff are appropriately trained in order that they act with necessary consideration for the environment. As part of the company's "Advanced Product and Process Planning" procedure we assess the environmental impact of any new products together with any developments in our existing products and processes. In line with these commitments one of our core business objectives is to achieve registration to BS/ISO 14001:2004 which is the internationally recognised standard for Environmental Systems management.

HEALTH AND SAFETY

It is the policy of Valley Rubber Ltd, in so far as it is reasonably practicable, to ensure the Health, Safety and Welfare of all its employees and other persons who may be affected by its work. As part of this commitment we endeavour to provide and maintain a working environment and systems of work that are safe and without risk to health-while ensuring that relevant Health & Safety legislation is complied with and communicated. All our staff are provided with the necessary instruction, information and training and are required to take reasonable care for the Health & Safety of themselves, fellow employees and others.

As part of the company's "Advanced Product and Process Planning" procedure any new products together with any developments in our existing products and processes are assessed for any potential Health & Safety risks. In line with these commitments one of our business objectives is to achieve registration to OHSAS 18001 which is the internationally recognised standard for Occupational Health & Safety Systems management.
